

# CFAPRO <GO> Theory meets practice.

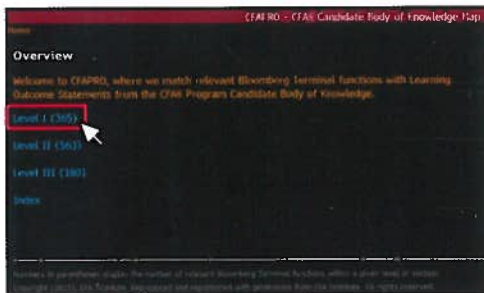

CFAPRO <GO> is a database that maps the gold standard in finance education to the central nervous system of finance.

This function allows you to:

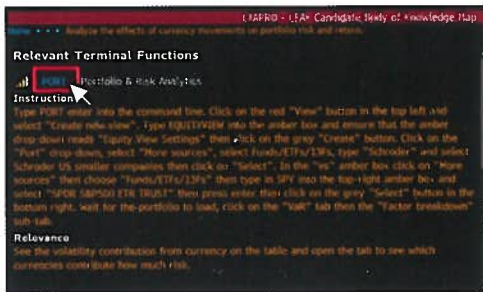

- Explore the Bloomberg Terminal through the lens of the CFA® Program (includes 373 unique Bloomberg Terminal functions)
- Integrate your CFA Program learnings into your daily workflow
- Learn the theoretical underpinnings of the Bloomberg Terminal
- Stay current as both the CFA Program and the Bloomberg Terminal evolve to reflect current practice (currently 2018 curriculum)

You can navigate the CFAPRO content two ways:

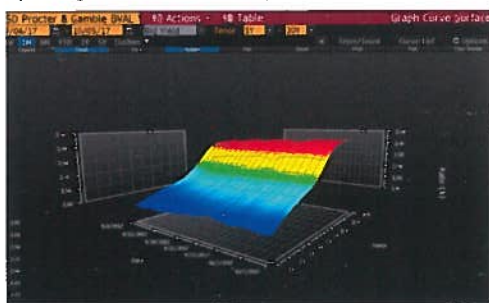

Drill into the curriculum pyramid
